Updating Work Plans	<ul style="list-style-type: none"> - The table reviewed the work plan for updates. - With the summer quickly approaching, the table considered moving item 5 from Objective 1 (Public Education) to the fall. S. Toth will contact Sandra Noel for data in this area as the issue may be an outdated one. - When reviewing Objective 2 on the Data Development piece, S. Toth asked whether the table wanted to conduct a survey on the videos, and possibly offer more training based on the feedback. The group discussed providing a contact for providing the feedback, rather than issuing out surveys. The Contact Us page on the NCPC website was suggested as an outlet. S. Tukonic suggested asking questions about reach of the videos and their use. - Since those who participated in the initial surveys, it was suggested to ask participants whether they had participated before, if they were knowledgeable now, and what areas they still require support in. These could be done in two separate surveys, with the second set issued 6 months after the first set. 	<p>S.
